**Date:** 8 February 2016

*Re: Transfer of Ownership*

---

I, **Michéll Greeff**, hereby give full ownership of Bits & Bytes Multimedia, to **Jesus Christ**.

This includes but is not limited to:

- My skills and talents
- All income (through business and in my personal capacity)
- Any future businesses that I may get or start
- My reputation, plans, ideas, time, dreams and goals

As the Manager of the business, I will steward the resources with integrity and honesty and always keep God's Biblical Order by giving my Tithes. I will also remember that I am blessed to be a blessing, and undertake to show God's goodness and love by giving to others as He leads me.

As the CEO and owner of the business, Jesus Christ will carry all the burdens on His shoulders. He will direct my paths, open and shut doors according to His will and good pleasure. He will protect me from hidden traps and shield me from all sides. He will perfect all things concerning me. He will pour down His blessing so that there's not room enough to receive it. He will enlarge my territory and make me prosperous.

All glory and praise for the success of the business, and my personal success, goes to Jesus and Him alone.

Signed
